

Simple & Affordable Compliance

FHA Software has been 100% Windows-based since 1999 and is backed with prompt, unlimited support access.

Custom MSWord Designer

This built-in feature allows users to create custom MS Word documents that merge with the FHA Software database to produce virtually any data filled document desired (such as tenant letters, verification forms, delinquent rent notices, leases, legal forms, etc.) along with the ability to insert graphics and MergeField Codes. Merges with Project Data, Tenant Certification Data, Unit Data, Waiting List Data, Recertification Notices, Work Orders, Accounting Features, etc..

... and much, much more !!!
