FHA *Software* has been successfully automating the affordable housing industry, since 1985. The Windows version has been available now for over 18 years with more and more new features being added each year (built-in Accounting, Dashboard, Work Orders, Purchase Orders, Custom MSWord Designer, Multiple LIHTC XML file submission options, Tenant/Applicant Screening, etc.).

WHO SHOULD ATTEND: New & existing users who want to refine their use of FHA *Software* in order to efficiently stay on top of RHS/HUD/LIHTC reporting requirements and electronic compliance. This training will help simplify your data entry process and will provide monthly forms preparation, submission, and compliance guidance with respect to current and future RD (MINC XML), HUD (TRACS 203A), and LIHTC XML 5.0 requirements. A sound understanding of FHA *Software* usage will insure accurate forms management and electronic compliance success.

ACCOMMODATIONS: A block of rooms with a special room rate has been secured with the Radisson Hotel for Training Seminar attendees. Please call the hotel directly and mention *Simply Computer Software* to get this special rate. There are also several other hotels adjacent to or across the street from this hotel to choose from. A round trip Bus Shuttle Service is available which picks up at Chicago's O'Hare Airport and drops off at the Rockford Bus Terminal, located just east of the Radisson Hotel parking lot. A round trip Bus Shuttle Service is also available from Chicago's Midway Airport. Upon receipt of your registration, you will be sent a travel information packet.
